By OzJono For anyone starting out or developing their skills in the world of cryptic crosswords Anne Bradford's work has always been an essential source. Easy to use, the kindle version now takes Ms Bradford into the world of mobile devices. I'd prefer that it had been developed as an app rather than a Kindle book but it still does a great job. At home, I mostly turn to

the paper book but on the move this does the job. 0 of 0 people found the following review helpful. BRADFORD'S CROSSWORD SOLVER'S DICTIONARY By Terry W. Trotter I ordered this because of some stellar reviews. I was very greatly disappointed. It is of little help, frustrating, and a total waste of money. Don't even accept one for FREE!!! If you look up a word, the clues are listed in alphabetic order, regardless of length of the word (and the number of letters is not given - you must count them mentally. Most of the responses given (once you locate words of the right length - don't really help even to get a general idea of some answers. Get a Roget's Thesaurus, it's much more helpful!! (If I could, I would give it 0 stars.) 0 of 0 people found the following review helpful. Crossword Dictionary By Harry I have an early edition of this book and have used it so much it is literally falling to pieces. I was unable to obtain a copy in Australia. The copy I received from is excellent, better bound and appropriately updated. I am delighted with the product, price and the service. It was delivered 3 weeks ahead of schedule. 5 Stars!

Bradford's Crossword Solvers Dictionary is a unique type of crossword dictionary in that it has been compiled and crafted by a single author based on her 45 years experience of crossword solving. Every word in this dictionary has appeared as a solution to a real crossword clue. Previous readers have found this book an invaluable reference work for both cryptic and quick crosswords, and new users will be quickly converted. Crossword enthusiasts will be able to solve puzzles with over 250,000 solutions, recognize words used in clues which indicate that the answer is an anagram, pun, or word-play, learn about different types of cryptic clues, and get instant access to vocabulary lists with themed panels arranged by length and alphabetically.
