By thephatman2000 I have read this book and it did supply me with insight into playing keno, writer is quite straight forward and knowledgeable about the subject. I am satisfied with my purchase. 0 of 0 people found the following review helpful. Beginners Book By Charles D. Reynolds This book is A very basic book about keno. It should say something about "way keno" and how to play it. 1 of

The new edition by Cowles, the world's foremost authority on keno, is written for players of all levels, from novices to professionals. You'll learn everything about keno, including powerful winning strategies, honest advice on the odds, and how a player can beat those odds. From a brief history of the game, to a thorough explanation of how to prepare every type of keno ticket; from picking up a crayon and keno blank, to collecting winnings, this book is a treasure house of playing tips, strategies, and anecdotes. Twenty-five chapters present the most thorough and intriguing coverage at keno ever put into print, including, for the first time, accurate, computer-analyzed odds charts for every standard keno ticket. 251 pages
