Very good inexpensive complete edition of the Liszt Hungarian Rhapsodies By Morowbie Jukes Very good reprint of the authoritative Russian 1975 Russian edition in collaboration with the American Liszt Society. The new Dover sheet music binding permits the book to open relatively flat. One of the greatest technical challenges has been to get a book of sheet music to remain open. Recommended for all advanced pianists who play the

rhapsodies, even if they're using other editions. 1 of 1 people found the following review helpful. Page size was wrong and not standard for regular music ...By CustomerPage size was wrong and not standard for regular music score(too small)and I received 2 copies rather than one. Both issues were due due to my carelessness.

All 19 Rhapsodies reproduced directly from an authoritative Russian edition. All headings, footnotes translated to English. Best one-volume edition available.
