0 of 0 people found the following review helpful. A classic among editions. By pianomac This is a classic of music annotation. One may disagree with Tovey in places, but his opinions and choices are always deeply thought out. I'd strongly recommend this and the other two books of the Beethoven Sonatas Tovey editions for all serious pianists.

Beethoven's Complete Pianoforte Sonatas, edited by Harold Craxton, are published as part of ABRSM's 'Signature' Series - a series of authoritative performing editions of standard keyboard works, prepared from original sources by

leading scholars. Includes informative introductions and performance notes.
