Not the best editionBy AndrewIt works and is cheaper, but you would probably be better off with the Henle edition, which includes Weber's original version as well as that of Carl Brmann.1 of 1 people found the following review helpful. Great piece, good editionBy Ali TThis is a standard in clarinet repertoire! Great piece, good edition. Includes the piano part as well. Is a good 'first' major work to study, as it

is about 10 minutes in length and has both lyrical and technical sections. 2 of 3 people found the following review helpful. Not Very Good By Edward Kalmus doesn't have scholars working on editing and some of the articulation choices are very weird. Most professionals stay away from Kalmus. Call a local professional or a music store and ask them what kind of music publishers you should buy for clarinet; I say clarinet because every instrument is different.

Expertly arranged B-Flat Clarinet Solo by Carl Maria von Weber from the Kalmus Edition series. This is from the Romantic era.
