From Eulenburg Germany (Schott) : Concerto in D: for Violin and Orchestra (Edition Eulenburg) before purchasing it in order to gage whether or not it would be worth my time, and all praised Concerto in D: for Violin and Orchestra (Edition Eulenburg):

GrabBy Frank BorderThe binding is two cheap staples which is not the greatest; however the printing is very good - clear and dark without being too thick, important in a small score. Legible, unlike some other miniatures. You're kind of stuck with this anyway, if you want to buy this brand new (yay, copyright!). It's a good buy. The piece is absolutely a landmark work in the genre as well as in the whole body of 20th century music. Grab it.
