**From Eighth Note Publications : Concerto in D: Part(s) (Eighth Note Publications)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Concerto in D: Part(s) (Eighth Note Publications):

This is a first ever edition of a little known work by Joseph Riepel. It is scored for trumpet, 2 flutes, 2 horns, strings and continuo. The solo part has elegant flowing lines that intermix with the flutes and horns. The addition of these wind parts makes this work stand out from some other famous trumpet solos. The range in the solo part is quite extended with G concerts being the highest pitch required. This is the organ reduction.
