Great EditionBy scm88keysThis is a very cleanly printed edition with a lot of helpful fingerings in tricky passages, but not too many so as to leave plenty of room for personal fingering choices. The book breaks in very quickly and after one good read-through with the appropriate folding and

bending, it lays flat every time even after sitting on a shelf for months. The music is wonderful, with very memorable melodies and several difficult passages. One of my favorite compositions by Saint-Saens. NOTE: only for very advanced pianists. 1 of 1 people found the following review helpful. Great score
