From Alfred : Concerto, Op. 3 (Kalmus Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Concerto, Op. 3 (Kalmus Edition):

0 of 0 people found the following review helpful. As expected.By Nathan I.The product is good. My only complaint is that when I first received it, it was missing the bass part (only the piano part was included). Since it was Prime eligible I requested a replacement and mailed it back. The replacement had both the piano and bass parts.

Expertly arranged String Concerto for Bass and Piano by Serge Koussevitzky from the Kalmus Edition series. This is

from the 20th Century and Romantic eras.
