Nothing for adults here except the ability to count above 25.5 of 5 people found the following review helpful. I was very disappointed with this item based on what the title describesBy Kim BlountThis is called Connect the Dots for Adults. This is not the case. This is more for a 6 year old. It is not in any way a Connect The Dots for Adults. I was very disappointed with this item based on what the title describes.6 of 6 people found the following review helpful. One StarBy renee KritzerI was very disappointed. It is for a young child

not an adult

Dot-to-dot activities may seem easy to do but they come with benefits that make school life less complicated. These activities hone your child's listening and communication skills and better his picture and number recognition. There's no better paper game out there that encourages your child to follow instructions than this one!
