Elyse Mach : Contemporary Class Piano before purchasing it in order to gauge whether or not it would be worth my time, and all praised Contemporary Class Piano:

0 of 0 people found the following review helpful. this is a great book and seller respond very fast By MM this is a great book and seller respond very fast , only thing my class not uses this book , that is why I have to return the book 1 of 2 people found the following review helpful. If you're looking for a beginning piano book I would recommend something much cheaper without nearly as much information By TWI use this book for a basic piano class and it is more than adequate. Way more than adequate. The teacher uses this book for two semesters worth of class and said it could be used for more. I would give the book four stars because the book would just be too much for most people, but that's not the book's fault. If you're looking for a beginning piano book I would recommend something much cheaper without nearly as much information, something much smaller and cheaper. If you're just beginning on piano and don't want to get another book for a couple of years or so, this could easily be your book. Remember, piano or any

instrument, can take a lot of practice. A little bit of practice, often. This book will not steer you wrong and might be a better book to learn by than a simpler book, I don't have any comparisons. Good luck.0 of 0 people found the following review helpful. Five StarsBy Jeff ArmstrongGreat product, great transaction!

Acclaimed for its creative approach and diverse repertoire, Contemporary Class Piano provides a student-friendly introduction to basic piano skills. In short, progressive chapters that mirror the standard two-semester curriculum, it explains the essential elements of piano playing, incorporating diagrams, practice exercises, and musical examples that help students build proficiency and confidence with a variety of chord patterns, major and minor scales, and accompaniments.

"Contemporary Class Piano beats the competition in every arena. It addresses all of the needs of Class Piano I and II and is a fun, usable text that both teachers and students enjoy."--Gwen Threadgill, Troy University "This text uses a clear, systematic, and creative approach to introduce and reinforce concepts. It is user friendly and stylistically diverse in repertoire."--Susan Chan, Portland State University "Contemporary Class Piano is better than many other texts. It is well organized and very easy to understand."--Yun-Ling Hsu, University of Central Florida About the AuthorElyse Mach is Distinguished Professor of Music Emerita at Northeastern Illinois University in Chicago. She has given concerts throughout Europe and the United States, appearing as a piano soloist with the NBC Symphony and the Netherlandische Philharmonic Broadcasting Orchestra, among others. She has written ten books on piano and pianists and has been a contributing music critic for the Chicago Sun-Times. She is active as a consultant, clinician, master class teacher, and frequent adjudicator, and has guest lectured at St. Catherine's College of Oxford University, Northwestern, Yale, The Juilliard School, and many other institutions. She is the first recipient of the Board of Governors Universities Distinguished Professor Award and was honored by a proclamation issued by the Senate and House of Representatives of the State of Illinois.Professor Mach is the 2010 recipient of the Silver Medal presented by The American Liszt Society--the highest honor that the society bestows. She is also the 2010 recipient of the Bernard G. Brommel Distinguished Research Professor Award of Northeastern Illinois University.
