They absolutely love the Adventures in Odyssey series. They like to listen while traveling in the car, or doing craft projects, and often at bedtime. Excellent story telling, and sparks the imagination. 0 of 0 people found the following review helpful. Great Experience!! By American freedom I chose this rating because my experience was excellent. I have like everything about this product since it came as described and came quickly. I would recommend this product to everyone. 0 of 0 people found the following review helpful. Intense By R. Cannon This is the second of a trilogy. Definitely not for children under 8 and may be too intense for a highly imaginative 8 year old. It is a great adventure story woven into a story of faith. I highly recommend the trilogy, but it might be confusing to only purchase this volume.
