book to understand better an exciting, social game. Easy to understand plus the detailed table photos are helpful. Highly recommend for the beginner who has played a couple times.

A clear explanation for all players, both inexperienced and experienced, on how to play casino craps. This edition provides several strategies which help to minimize the potential losses and bankroll risks and provide a chance to be a winner. In addition, this 2nd edition presents the results of experimentation to study whether dice control is fact or fiction. That is, can the casino advantage due to randomness be overcome?
