I just saw this, usually on TV, being played but I didn't have idea what it was called. So basically this book introduced craps to me. By reading this book, I understand how the game goes and how to act properly while

playing the game as it lists proper etiquettes in playing. Although I am not fond of going to casinos, when the time comes, at least I'll know what to do.0 of 0 people found the following review helpful. waste of moneyBy W.

ButlerWhat a waste, I don't know how many pages are in this book as they are not numbered. I do know that there are not many, I read it in about 20 minutes. I expected strategy's as the title suggest but there are only some common sense rules. There is nothing in here you can't get off the web. Save your money.0 of 0 people found the following review helpful. and this book laid everything out super simply.
