Steven Hartman : Craps: How to Play Craps: A Beginner to Expert Guide to Get You From The Sidelines to Running the Craps Table, Reduce Your Risk, and Have Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised Craps: How to Play Craps: A Beginner to Expert Guide to Get You From

The Sidelines to Running the Craps Table, Reduce Your Risk, and Have Fun:

2 of 2 people found the following review helpful. I have always seen people playing Craps and they always look like they are having a blast
By Customer **MUST READ IF YOU ARE TRYING TO LEARN CRAPS!** I have always seen people playing Craps and they always look like they are having a blast!! I was always too intimidated to go up and play. I was headed to AC this past weekend and decided I wanted to actually get in on the action. This book was **AMAZING!!!** It gave me all the knowledge I needed to be confident enough to go to the table, without making it hard to understand! Bonus: I actually won!
1 of 1 people found the following review helpful. Vegas here I come!
By Lindy **What a large print book!** I learned the basics but it's true, unless you dive into the game, you won't fully understand
1 of 1 people found the following review helpful. Waste of time, even though it only takes 15 minutes to read the whole thing, and money
By M. Robinson **This book was absolutely a waste of time.** The fact that it says "beginner to expert guide" is completely false. It barely goes over the basics and doesn't even cover lay bets, buy bets, basic betting strategies or anything. You'd get more information **AND** better information by watching a how to video on YouTube. And it would be free...

You've heard the sudden bursts of cheers as you've strolled past the crowded Craps table. You have even seen the countless TV shows and movies with the dice flying in slow motion over the green felt before knocking against the wall. The dealer barks out, **Winner!** and then the table roars with applause. Now you want in. But as you step up to an empty, unused craps table in a Vegas casino just to survey the complex boxes with terms like Field and Pass Line, you're hesitant. You have second thoughts about going to an active table and putting \$20 down because it just seems so impossible to play. And then there isn't just one dealer like at the blackjack table or roulette wheel, but four! A bead of sweat tickles your brow and you walk away from the intimidating Craps table and decide to invest your money at the Wheel of Fortune slot machine or tackle a few hands at the three-card poker table. **Go Back!** This book is designed for the beginner who has always wanted to experience the thrill of throwing the dice but was too afraid to learn how to play. Worry not, shooter, this guide will have everything you need to step up to the table with confidence and have fun playing the wild game of Craps! **What This Book Will Teach You** The Absolute Basics
The Table
Playing the Game
Beyond the Basics
Fun Lingo
What not to do or say at the table
Tips for your first time
Buy this book today to run the craps table with all of your friends!
