You will learn and have a better understanding on how to play crap. This book will provide you a step by step breakdown of the game, the rules and playing sequence. What I like about this book is that the author provided us useful and effective strategies on how to find the best bets and win it.

The best strategy for the game was explained really well in this book. You'll learn the meaning of all the fancy craps terminology, you'll get to know the best bets, and you'll learn lots of other craps strategies along the way. 0 of 0 people found the following review helpful. Ready for the game! By _Review I was planning a visit to Las Vegas in near future and there is nothing better than to play games and do some hazard. I love craps but I am still pretty new in this game. Since I really wanted to learn and experience some good games I decided to get this book and I can tell there is nothing better than that choice. I finally understand all the rules and steps how to play it! Thank you! 0 of 0 people found the following review helpful. Don't buy this book By Kathleen Podzimek The book was a rip off, around 38 pages. Also, the advice offered was not well written, convincing, or helpful.
