Henry J Tamburin : Craps: Take the Money and Run before purchasing it in order to gage whether or not it would be worth my time, and all praised Craps: Take the Money and Run:

5 of 5 people found the following review helpful. Easy reading and good infoBy MarkI am a semi-regular craps player so I read what I can on the game. This book was decent. Easy to read and understand. Not a total beginner guide but gives all the basics. I always read the first few chapters of gambling books that describe the game. You never know

what tips or insight you can pull from the author. This book is straight forward on the odds. Its not a pie-in-the-sky scheme to beat the casino. This book will teach you to bet smart so you can enjoy the game for an entire session. And it tells how to play the runs, good or bad. 2 of 2 people found the following review helpful. Great book for beginners By Blair G. Good for a beginner., if you are new to the game, if you have practice played on liine for free at the wizard of odds site then ok get this but remember 6 ways to roll a 7. So forget the book and play the Dont pass or wait three rolls and then bet the DC. Probably the safest way to bet. Never Martingdale. The field only has a 44% chance of winning. 1 of 1 people found the following review helpful. Reas this before hitting the tubs. By Hilal Sabur A great book on learning and understanding the game of craps. Tamburin even explains why the strategies given are practical. A must have for getting into the game of craps.

Craps: Take The Money And Run will teach you how to walk away from the tables with profits. The winning techniques are based on Dr. Tamburin's 25 years of experience playing and winning at casino craps. His proven techniques have been taught to thousands of individuals in his schools and seminars and most recently in his Craps: Rolling To Win instructional video. Wherever you play craps, Nevada, Atlantic City, Mississippi, riverboats, or casinos on reservations- everything you need o know to play and win in concisely explained in this exciting new book on craps.
