Christine Cain, Joe Cain : Crazy Taxi 2: Prima's Official Strategy Guide before purchasing it in order to gauge whether or not it would be worth my time, and all praised Crazy Taxi 2: Prima's Official Strategy Guide:

2 of 4 people found the following review helpful. confusing... but helpful! By A Customer Most people that I know that play crazy taxi 2 usually dont go out and buy this guide just because they have already played the first one and they think that they know what to do. I think they where wrong! Even if u have played crazy taxi before this guide will help u very very much. This guide not only gives you a full map of the places it gives very detailed explanations on how to get things done the best! this guide is definitely worth buying even if you are a crazy taxi master, the guide will teach u secrets that you didnt know and the whole lot. The reason i gave it 4 stars is because generally this book is confusing. but once u get used to it the guide is definitely worth [what I paid]!
