You read a story, look at the picture and try to solve the crime. After the story there are a number of very simple questions which act as hints to lead you to the solution. I thought these mysteries were shallow and the clues were often soft -- open to other interpretations or too easy to be a true puzzle.This is my first experience with this series and I won't get any others, though it might be fun for pre-teens.0 of 0 people found the following review helpful. I thoroughly enjoyed reading this so much that I bought 3By TansitI thoroughly enjoyed reading this so much that I bought 3, 4, and 5! I read it just before I go to sleep. when I want something light hearted to make me forget the stress of the day. Nothing like a little mystery to distract your mind enough to make you relax.0 of 0 people found the following review helpful. Perfect teaching tool for high school

students. By Hey, Teach This is for my high school students - English. These puzzles are not only fun, but they teach critical thinking. And to make the book even better, the kids like it!

If you cut your detecting teeth on Crime and Puzzlement, you'll sink them into Crime and Puzzlement 2 with glee . . . Once again, You are the Detective! Alone (or was he?) in his locked room, Torrick the truckdiver succumbed, but to what, and why? Arthur, on his way downstairs for another drink, slipped, or did he? Siegfried Jones was obviously knifed on his way to the operating room, but by whom? Read the story. Ponder the picture. Seize the pencil in fist and solve it yourself! With the applause for Crime and Puzzlement still ringing in his ears, Lawrence Treat has conjured up an even more addictive and fiendishly delightful encore. Who finished Isabella Spiegel? Why did Mr. Grange topple dead from his saddle, and what was the catch in Mr. Fishhead's alibi? It's up to you, the armchair detective, to find out!

About the Author Lawrence Treat was a prolific author of mystery novels and short stories and was the founder of the Mystery Writers of America.
