Wayne Robert Williams : CRYPTIC CROSSWORDS FOR US Volume One before purchasing it in order to gage whether or not it would be worth my time, and all praised CRYPTIC CROSSWORDS FOR US Volume One:

2 of 2 people found the following review helpful. Way too many anagrams By BrdwygurI i've been looking for an easier US cryptic book, after finishing the 101 and 102 books. I was hoping these would fit the bill however I agree with other reviewers that there are way too many anagrams. For example in the puzzle I just did, of the 16 down clues 13 of them are anagrams. Where is the skill, elegance and variety in that? 7 of 7 people found the following review helpful. EXCELLENT and LOTS OF FUN By Marg-Gram I have thoroughly enjoyed and been challenged within reason by the cryptic crosswords designed by Wayne Robert Williams. They follow the descriptions of the different forms (homophones, deletions, anagrams, hidden words, reversals, containers, etc.) in the introduction to the books. They are challenging without being completely frustrating. You may have to lay them down briefly and come back to them a little later to see the answer, but they are do-able. I wish there were more like his. HIGHLY recommended. 1 of 1 people found the following review helpful. I would say, not for the absolute beginner. By Rennyrij I find it a bit

"clunky" (is that a word?) - the clues are, indeed, convoluted as cryptic clues should be, but sometimes they draw from subject matter not common knowledge to everyone. As a beginner, I'm looking for something like "Mrs. Taylor's". I've done all of hers that are on-line.
