Wayne Robert Williams : Cryptic Variety Puzzles Volume 4 before purchasing it in order to gage whether or not it would be worth my time, and all praised Cryptic Variety Puzzles Volume 4:

3 of 3 people found the following review helpful. Good puzzles for the novice solverBy KayIt was a little disappointing to see that series had not evolved much by Volume 4. The clues still have a reliance on anagrams and hidden words, and the variety in the grids is much the same as in Volume 1 with a couple of new additions. Likewise, my comments remain the same - excellent for the novice solver and far too easy for the seasoned pro. If you lie somewhere in between there is still plenty of enjoyment to be had from this set of puzzles.2 of 2 people found the following review helpful. Easier clues match nicely with the harder variety puzzle styleBy Brian S. WalkerEasier clues match nicely with the harder variety puzzle style. His traditional cryptic crossword books are too easy for me, since most clues are anagrams and hidden words. But when matched with the more difficult challenge of the variety-style of grids, it is a welcome match. Note: these are American cryptic crosswords, not British. The clues are very well structured, and always consist of two parts (like GAMES magazine).

40 Cryptic Variety Puzzles including: Alphabetical Cryptic, Cryptic Jigsaw, Cryptic Labyrinth, Quotation Cryptic, Square Ring Cryptic, and more.
