**Olivia Carlton : Cryptograms to Keep You Sharp** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cryptograms to Keep You Sharp:

0 of 0 people found the following review helpful. Excellent!!By Sally W Loved doing this book. Love the spiral binding, which makes it easy to do the puzzles while sitting on the sofa. Great layout and fun quotes.0 of 0 people found the following review helpful. Love these cryptos!By M. ColvinI am thoroughly enjoying this book of cryptos. The majority are so clever and funny. Would love to know the authors.0 of 0 people found the following review helpful. I have had so much fun with this product so farBy Ra PI have had so much fun with this product so far. This book is a great brain teaser, would have loved to have a few blank pages to do the work on, but still gave this 5 stars.

Exercise your brain while you uncover some pithy food for thought. Cryptograms are substitution codes--every letter in the code has been replaced by some other letter; you try to find which letters stand for which others. Every cryptogram has a different substitution system. Some hints: Start with the shortest words. Break down long words into prefixes or suffixes. Look for word containing an apostrophe. A chart gives you hints for three letters in each puzzle.

The more you solve, the better you get. Its like this: UKG JBPA UBBJ VITY AB PFAHCG HY WKP LBTPAW FYJ
