Great distractionBy ShannhlvbThis is my 4th dot to dot. I really like them. The kittens aren't as different as the dogs, but still fun.0 of 0 people found the following review helpful. Three StarsBy Customeronce again the print is a bit small but workable

Draw a series of charming and fun cat pictures with this delightful collection of thirty elaborate dot to dots, each revealing a feline scene. With over 10,000 dots in the book there is plenty of challenge for all ages, and a wide range of hidden images to reveal. Full solutions are given at the back if you can't wait to see the pictures, but once complete

you can also colour in each image for a beautiful piece of personalized art.
