Five StarsBy CustomerWonderful book.0 of 0 people found the following review helpful. SatisfiedBy ronickarReceived product as promised. Satisfied with product.

This popular volume offers practical training in well-articulated pianistic passage work, particularly in playing the virtuoso music of the romantic period. In addition to this, each study is a complete music composition, demanding attention to dynamics and phrasing. Students who master Opus 299 have indeed progressed a long way in the ""school

of velocity." Available in a 112-page complete volume or in two separate books.
