The price is reasonable for sheet music. This edition replaces a previous one with more material and a few updates. 0 of 0 people found the following review helpful. so fast, receive it next day .By Averylove it . as a gift to my colleague, I was blown away by how sharp this product is. It cut through my very soft loaf of Italian without a single tear. I hesitated before I bought it because of another review who said it wasn't sharp enough, but mine is outstanding. next day arrive. very well. 0 of 0 people found the following
