Bryan Dawson : Dante's Inferno: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dante's Inferno: Prima Official Game Guide (Prima Official Game Guides):

10 of 10 people found the following review helpful. Guided Tour of the Inferno By Michael J. Marziale My main interest in picking up game guides is to make sure I don't miss any hidden items or collectibles. So far, this guide has been very helpful. Everything is clear and concise, with useful pictures and good descriptions. Its layout is sensible and easy to navigate. Everything is correct, I have yet to find any mistakes, or erroneous content. Very useful for helping you find all the collectible items, so pick it up if you want to make your own life easier when hunting these

items down. Otherwise, this game isn't that long or complicated, a seasoned gamer probably won't need the guide for anything else. 0 of 0 people found the following review helpful. It'll Put You through Hell. By MtMI did not get very far through this game, so I did not get much use out of this guide. The photos could be larger and they don't really offer a visual step by step as some steps are described in the paragraphs, but not visually. 0 of 0 people found the following review helpful. This game was great, challenging and scary. By Dream Guardian This game was great, challenging and scary, but great. I like when you get to decide to be either bad or good by judging souls. It was interesting to know that Hell has different layers, each representing a different sin.

* Discover the location of every collectable and upgrade. * Detailed boss battle strategies will help you vanquish the demons guarding the Nine Circles of Hell! * Our bestiary section will identify every ghoulish monster and give you strategy to defeat them all. * Learn the best abilities to choose and in what order. * Learn when and how to use all of Dante's deadly attacks and holy powers.
