By BaldyFirst, I can't believe the song list for this book isn't posted, so here it is: American Baby, Ants Marching, Best of What's Around, Crash into Me, Crush, Dancing Nancies, Don't Drink the Water, Dreamgirl, Everyday, Grace is Gone, Grey Street, Hunger for the Great Light, I Did It, Jimi Thing, Louisiana Bayou, Rapunzel, Satellite, Say Goodbye, So Much To Say, So Right, The Space Between, Stay (Wasting Time), Too Much, Tripping Billies, Two Step, Warehouse, What Would You Say, Where Are You Going. Second, I'm sure being a guitar player, and a DMB fan, you realize for the most part Dave isn't just strumming open chords and plays some complex riffs. Still not sure how he sings and plays some of these songs! The book tabs it out how Dave plays it,

so the beginner will have some troubles. If you're patient and take the time to learn this stuff, not only will it sound better, but you'll be a much better player. Please keep in mind that there are several versions and I am reviewing the "Play it like it is" guitar-vocal version. Also, it is the album versions, so there sometimes is a second guitar in there too. One of the cool surprises is that on a few songs they transcribe some of the violin parts for the guitar! All in all great book. 7 of 7 people found the following review helpful. Does not contain Tabs By K. Davenport This is the Piano/Vocal/Guitar version, which is NOT the "Play It Like It Is," version with tabs. I know the other reviewer mentioned that, and it's my fault for not making sure. Nonetheless, if you want the "Play It Like It Is," version look in the top, left hand corner of the book and there will be a red tag that reads, wait for it,.... "Play It Like It Is Guitar." If you're just looking for chords and lyrics this book is fine, but if you're looking for guitar tabs be careful and get the right book, not this one. 0 of 0 people found the following review helpful.
