Ulrich Koch : Dazzling Mazes: 50 Inventive Puzzles with Solutions (Dover Children's Activity Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Dazzling Mazes: 50 Inventive Puzzles with Solutions (Dover Children's Activity Books):

3 of 3 people found the following review helpful. Five Stars By Chou Chou Another great maze book. Finally found one to challenge my young maze master. 3 of 3 people found the following review helpful. it's good for all ages By Vakym The mazes in here are hard, it's good for all ages. 0 of 0 people found the following review helpful. Five Stars By jbro Very fun gift!

Luckily, famed German designer Ulrich Koch has provided solutions to the 50 outrageous mazes he created for this dazzling volume. Otherwise, even the gifted connoisseur might not escape some of his more challenging labyrinths. Although most of the intricate puzzles can be deciphered by intermediate solvers and there are even a few amusements easy enough for the novice some, like the African Queen, Cyclist's Nightmare, and Frankfurt Labyrinth, require a special talent you'll acquire only after a few evenings of stimulating practice. Many of the more challenging designs add a special excitement by incorporating bizarre op art effects, Escher-like illusions, and three-dimensional fabrications. Take your time and start with an easy one or, if you're already a dedicated puzzlist, leap right into the fray with one of the more convoluted configurations. Either way, you'll enjoy hours of sensational, inexpensive fun while you test your skills and sharpen your imagination. Each maze has a useful caption explaining the objective and your possible routes. Even if you can't solve them immediately, the brilliant originality of these unusual mazes will intrigue and delight you and your friends for hours.
