From BBC Audiobooks Ltd : "Dead Ringers" before purchasing it in order to gage whether or not it would be worth my time, and all praised "Dead Ringers":

All four episodes from the seventh series of the hugely popular BBC Radio 4 comedy series, starring Jon Culshaw, Jan Ravens, Kevin Connelly and Mark Perry. Amongst the people regularly impersonated on the show are George Bush and Tony Blair.

From AudioFileMusic, voices, and acting are all high quality on this four-episode series of satirical skits from BBC Radio, and some impressions are accurate and funny--Russell Crowe, Alec Guinness as Obi-Wan Kenobi, George W. Bush, Judi Dench. Even without knowing the target's voice, the listener may find humorous such pieces as Nigella

Lawson's warning against purchasing "dodgy" stolen recipes. But many of the parodied targets--British radio and TV celebs, politicians, athletes--will be obscure even to Anglophiles. Listening to people laugh without being able join in is tiresome, and even some understandable skits aren't all that funny. It's hard to see why this program would be marketed in the U.S. W.M.
