I didn't think I would become addicted to anything as wonderful as Obsessed with Hollywood. Think you know all there is to know about movies? So did I! Once you start on this book, it is nearly impossible to stop. When I gave this book to my other movie obsessed friends, they, too, thought they knew everything about movies. A great fun time for any movie buff! Better than Trivia Pursuit! Better than any book on Hollywood!0 of 0 people found the following review helpful. Amazing Trivia BookBy GumballFor the Hollywood trivia obsessed this is wonderful book/game. It can be played with others or alone and is definitely challenging for those who think they know Hollywood. I highly recommend it but be aware that it is a time thief.1 of 1 people found the following review helpful. Addicting!By LizaSONce I get started on this, it's hard to put away! Even the best movie trivia buffs will be challenged with the incredible detailed questions in this book! My daughter and I can play together and learn about each others' genres too. WONDERFUL book!

With a whopping 2,500 multiple-choice questions spanning the world of film, Obsessed with HOLLYWOOD is the movie-lover's ultimate trivia experience. This sleek, compact book tests readers' knowledge on everything from unforgettable lines to obscure factoids. Chapters include Classic Films, Celebrity Icons, Academy Awards, and more; there's even a section on Guilty Pleasures those movies so bad, they're terrific. But, Obsessed with HOLLYWOOD is no average trivia book. Embedded in the package is a computerized quiz module that lets cinephiles compete against themselves or a friend. The book keeps track of how many answers each player gets right and reveals who is overdue for a trip to the video store.
