I enjoyed this book. I read it on a plane and laughed so much my neighbors stared. It was such a good read and very interesting. In short get it, you won't regret it.0 of 0 people found the following review helpful. Anticipating the SEQUEL!!!By Ann ParI truly enjoyed reading this book.

The storyline was interesting and flowed well. The characters were relatable and engaging. As a person that mostly reads non-fiction, I was surprised that I couldn't put this book down. I thought the use of western astrology was used as it related to the personality traits of the character was cool. A fun read, with some spicy moments. Can't wait for part 2.0 of 0 people found the following review helpful. This book is definitely a great read for all age womenBy vicky c.This book is definitely a great read for all age women , all of us can relate to this book in one way or another .The moment I opened it I could not put it down ,can not wait to read the next one.

Once upon a time an optimistic Nicole Petit thought that by 32 years of age she would have conquered the single life after mastering the arts of dating, relationships and sex. But just months before her 33rd birthday, a very realistic Nicole now knows that she couldn't be any further from the truth. Tired of feeling frustrated with her losing streak in love, she decides to review her past relationships one by one, highlighting their promise and also their problems. Join her as she analyzes her past partners characters as well as her own with the guidance of both the Chinese horoscope and Western zodiac. An enlightening and entertaining read, Oh for Thirty-Two is a relationship examination through an astrological point of view to hopefully help Nicole discover love and happiness while being ok to enjoy the single life whether Mr. Right is in the near future or not.

About the AuthorOh for Thirty-Two is the first novel published by newcomer, JKeera the Author.
