Museyon has just published a new guide to the Top 100 Film and TV Locations in New York City. On Location NYC, written by long-time New Yorker Alex Child, not only provides beautiful photos, quotes, and summaries of famous NYC-shot scenes but also includes maps conveniently sorted by neighborhood. The maps pinpoint locations of many iconic shots like FAO Schwartz where Tom Hanks played that giant piano in Big, The Empire State Building where

Meg Ryan and Tom Hanks meet in *Sleepless in Seattle*, the 21 Club from *Wall Street*, and the New York Public Library where Carrie almost married Big in *Sex and the City*. The pocket-size book is perfect to keep with you and reference as you navigate your way through the city. You never know what famous filming location might be right around the corner! *On Location NYC* also lists 20 Restaurants and Bars, 33 more *Sex and the City* locations, and 9 *Smash* locations around Broadway. Though the book only scratches the surface of movies and TV shows filmed in the city (there are more than 30 projects in production this week alone!), it is a much more affordable option to those pricey location tours. --onlocationvacations.com, by Christine on November 7, 2013, in News, Travel Inspiration
