At its height more than 24 million people watched the classic comedy series *Only Fools and Horses*, making it Britain's most popular television programme ever. The hilarious exploits of wheeler-dealer Del Trotter and his dopey brother Rodney enthralled everyone from real market traders to members of the Royal Family. *Only Fools and Horses - The Official Inside Story* takes us behind the scenes to reveal the secrets of the hit show and is fully authorised by the family of John Sullivan, the show's creator and writer. Containing in-depth interviews with the show's stars including Sir David Jason and Nicholas Lyndhurst and key members of the production team, this engaging tribute includes a comprehensive episode guide. It also reveals how the show was rejected when it was first offered to the BBC, how Sir David Jason nearly missed out on the starring role and the tragedy of the death of one of its stars during filming. Written by bestselling author Steve Clark, the only writer on set for the filming of *Only Fools and Horses*, spin-off *The Green Green Grass* and prequel *Rock Chips*, the book gives a fascinating and unique insight into this legendary series.
