I follow the Tumblr Penguins with People Problems and thought this would be a nice little gift. I know she sat one night laughing at it, has taken it to work to share with a couple ladies there and has shared it with a couple of her girlfriends. For a good laugh this book will deliver. 0 of 0 people found the following review helpful. Really funny book, perfect for the coffee table where guests can pick it up for a quick and hilarious read. By Scott Lucas I can't expound dramatically for pages about this book. Just buy it. You not only won't regret it, you'll come back and thank me later. This is funny, the drawings are simple but perfect, the scenarios are so incredibly silly that you can't help but laugh. It's a great book to keep on the coffee table. 0 of 0 people found the

Stress-eating after a breakup? Frustrated by the cost of a good cocktail? Stymied by the weirdness of abstract art? These penguins share your pain. The "random penguins" are a lineup of quirky, lovable weirdos with minds of their own. They understand the agony of social awkwardness, the power of the perfect smoky eye, and the arm- (or wing)-flapping terror of having a bee in the car. In fact, these winged characters get into the same sticky situations we all do. They are Penguins with People Problems. So meet your favorite new flightless friends. They're brutally honest (except when they're lying), comically insecure, and totally relatable.

"Penguins with People Problems is a 100% delight." Elizabeth Gilbert, bestselling author of *Eat Pray Love*, *The Signature of All Things*, and *BIG MAGIC* Penguins With People Problems made me giggle, frantically fold down favorite pages, and insist that the people around me laugh too, even if they were way too young to get the jokes. I'm practically passing them out." KJ Dell'Antonia, *The New York Times* "Thoroughly random and absolutely hilarious." Lily King, award-winning author of *Euphoria* "Like Sandra Boynton for grownups--only boozier and more socially awkward. Mary Laura Philpott's lovable Penguins With People Problems drink too much, curse occasionally, and like the rest of us, have less control over their flippers and waistline than they'd prefer." Ann Imig, Founder of *Listen To Your Mother* and Editor of *Listen To Your Mother: What She Said Then, What We're Saying Now* About the Author Mary Laura Philpott is the author and illustrator of *Penguins with People Problems*, based on her webcomic *The Random Penguins*.
