her long lost brother Logan Walters, who is a firefighter in Los Angeles. Sam Taylor, a federal agent will be on the hunt for the evil arms dealer Vlad Volkov when he stumbles across Bree's lifeless body in a South American jungle. He will develop an unbreakable bond with this assassin. Through seemingly unrelated events, they will all be exposed to a dangerous chemical agent which will change everything. This chemical agent will give these heroes astonishing abilities and give them an advantage as they fight to save their city. Vlad Volkov detonates explosives across the greater Los Angeles area and holds the city under siege. Though this assassin, federal agent, and firefighter's lives have been separate, they have traveled down a path that will lead them to each other. Bree will enlist the help of Russ Murphy, her quirky mentor as well as members of the Los Angeles Police Department. They will endure tragedy which will only intensify their hunger for justice. These unlikely allies will partake in an epic battle between good and evil, freedom and tyranny.
