**Robert Asprin, Peter J. Heck : Phule Me Twice (Phule's Company)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Phule Me Twice (Phule's Company):

Company series was fairly good. The story line was good and had a couple of twists. The wording and writing of the book was light, enjoyable, and funny in some parts. It was not a heavy or complex read at all. Some say this book was terrible but I found it to be a good continuation of the series. Comparing this book to the first three, I have to say it nice light funny read. The 1st and 2nd book were very good but the 3rd one was crap. I was apprehensive at first because the 3rd book had a silly premise and writing was dull. Looking past the negative reviews of others, I found this book very enjoyable. 0 of 0 people found the following review helpful.
