Jeff Bond, Joe Fordham : Planet of the Apes: The Evolution of the Legend before purchasing it in order to gage whether or not it would be worth my time, and all praised Planet of the Apes: The Evolution of the Legend:

3 of 3 people found the following review helpful. Nice Coffee Table book, lacking in detailsBy JCNThis is a great coffee table book on the series. Excellent pictures and a solid overview of all the films. But if you're looking for more content, I suggest Joe Russo's "Plant of the Apes Revisited". Much more detail on the original series. Choose Jeff Bond's book for the eyes and the Joe Russo book for the brain.1 of 1 people found the following review helpful. Beautiful photos and nice written overview of the entire Apes ...By Ralph W. ManessBeautiful photos and nice written overview of the entire Apes saga. I'm not as interested in the newer movies. Naked cgi apes isn't as cool looking as John Chambers make-ups This book is highly recommended to any Apes fan.0 of 0 people found the following review helpful. Terrific overview of the Planet of the Apes universe!By Michael CaligiuriGreat comprehensive look at the entire Planet of the Apes franchise. Beautifully designed and produced with lots of color photos. It's the definitive must-have book for any POA fan.

In 1968 audiences around the world were transported to a world eerily similar to their own, but where apes ruled and mankind was subjugated. A terrifying, thrilling film, featuring one of the most famous twist endings in film history, Planet of the Apes is a science fiction masterpiece. The film birthed one of the longest running and most successful film franchises in cinema history, spawning seven further films, two television series, comics, novels and much more. Over 40 years later moviegoers around the world are still enthralled by this iconic, award-winning series. Planet of the Apes: The Evolution of the Legend is the definitive guide to every aspect of this cultural phenomenon. From the groundbreaking original to 2014's blockbuster Dawn of the Planet of the Apes, this book tells the whole story, accompanied by brand new interviews with key creatives and die-hard fans. The book is illustrated throughout by gorgeous behind the scenes photography, makeup tests, candid stills, and beautiful film frames. Highly rare conceptual artwork has been unearthed and promises fans an exclusive glimpse into the creation of this beloved series. Detailing the writing and production process of all the films, the impact and influence, the makeup, the music, and much more. Planet of the Apes: The Evolution of the Legend is a landmark book and must-have for fans everywhere.™ 2014 Twentieth Century Fox Film Corporation. All Rights Reserved.
