Funny but just OKBy chartI was very excited to purchase this as a gag gift/stocking stuffer but I guess I didn't pay attention to what all the book was about. I was expecting more of funny poop stories but all it is is an alphabetical listing of different ways to call poop, poop. Overall the concept is

funny and it got a laugh and was used for what it was meant for. 2 of 2 people found the following review helpful.

Myself, wife and 14 yr old Son sat here Hysterical while we read through this book. Perfect gift for the guy that has everything and has a good sense of Humor. Really enjoyed it
