**James E. Gaskin : Poser's Guide to the Internet and World Wide Web (Poser's Guides)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Poser's Guide to the Internet and World Wide Web (Poser's Guides):

0 of 0 people found the following review helpful. Must Have By Michael Boswell In addition to being hilarious, this book actually contains useful information. Up to now, I've known James Gaskin for his excellent technical books. Now I see that he has a great sense of humor as well. I have hundreds of technical books, but books that mix humor and fact as good as this are hard to find. 0 of 0 people found the following review helpful. Too Funny For Words! By LaRee Bryant A clever look at the wacky world of the internet and the world wide web. The perfect gift for those computer geeks and geekettes in your life!

Book by Jone, Randy
