Fantastic artwork from the movies, theme park, attractions, etc. So much artwork!By Sleepy ReaganFantastic book! It is large, and very well put together. Colors are perfect, too! And there's so much artwork, from the movies, and theme parks. There's even concept artwork for Cars Land, and postcard and marketing artwork from both before and after it opened. A lot of the artwork that can be seen on the walls in places in Cars Land is featured too. Some great pull out pages that are huge are included. Just a really great book. If you love Cars, Pixar, or are even just a graphic design nerd, grab this book!1 of 4 people found the following review helpful.
