From Green Tara T : Presenting Oprah Winfrey, Her Films, and African American Literature before purchasing it in order to gage whether or not it would be worth my time, and all praised Presenting Oprah Winfrey, Her Films, and African American Literature:

0 of 0 people found the following review helpful. This book is a gentle introduction for students to the ...By A. L. Mays
This book is a gentle introduction for students to the social issues, political and economic factors that shape the transition of literature to film.

Oprah Winfrey has long promoted black issues by being involved as a producer or actor in the adaptation of works by African American writers for film. This volume evaluates Winfrey's involvement in the visual interpretation of African American literary texts using film, music, black masculinity, black feminist, and cultural theory.

'This book steps boldly away from the many traditional biographies of Oprah to examine her role as a literary and cultural interpreter, and it would be a valuable addition to any library's collection of critical works on African American literature. Summing Up: Recommended. All readers.' - CHOICE
