It's every bit as irreverent and humorous as "In Fifty Years We'll All Be Chicks" and "Not Taco Bell Material" . . . 0 of 0 people found the following review helpful. funny as usual By Jimmy W Corolla rocks...funny as usual. If your a fan you will like this.

My fellow Americans, President John F. Kennedy once famously said, "Hey, is that blond intern eighteen yet?" He also said, "Ask not what your country can do for you, but what you can do for your country." We've changed a lot since JFK asked us all to pitch in. We've become a nation of narcissistic, yoga-mat-toting, service-dog-having, absentee dads and gluten-free, hand-wringing, hypochondriac moms of overcaffeinated (yet somehow still lazy) twerking tweens. And our government is an inept bureaucracy incapable of doing anything except getting in our wallets and in our way. That is why I, Adam Carolla, hereby declare myself Candidate Carolla. President Me is my manifesto, my vision for a better place . . . free of Big Government, barefoot fliers, lazy hipsters who'd rather "Occupy" than work, and the

other things that are bringing our country down. With my cabinet appointees, my list of worthy and necessary presidential ManDates, and tons of great ideas for fixing our health care, education, energy, and even national parks systems . . . behold an America we can be proud of. The America I see in MY HEAD. You're welcome in advance.
