William Rabkin : Psych: Mind Over Magic before purchasing it in order to gauge whether or not it would be worth my time, and all praised Psych: Mind Over Magic:

0 of 0 people found the following review helpful. Love the Psych franchise and liked that I could continue ...By AKojisLove the Psych franchise and liked that I could continue the storyline of the characters past episodes. Sticks

true to the episodes in terms of the characters and how they would naturally act. Plot is a little hard to believe though, makes sense why this one is a book and not an episode. 2 of 2 people found the following review helpful. Eh, it's alright. By BBeav07I bought this for my husband as a Christmas gift. Though he liked it, he thought that the characters were not very true to form like in the show. Gus would do things that Gus normally wouldn't. And my husband just did not find it very amusing. He said it was an alright book but he wouldn't read it again. 2 of 2 people found the following review helpful. Second Times a Home Run. By Edishop. After reading the first book in this series, and walking away disappointed, I decided to give it one more shot and read the second book. What a difference! The banter and comedy is back and I enjoyed every minute reading this book. Shawn and Gus have to solve a case which centers on the death of a person during a magic act. This book really made me feel like I was reading a tv episode. The plot builds, the funny quips between characters are there, and unlike the first book, this one is written with no central point of view so the reader is able to focus on everyone's viewpoints. I could really see this book as an episode aired on tv. And the author ties up the mystery nicely at the end. I was very happy I gave this series another chance.

Based on the hit USA network series Shawn Spencer has convinced everyone he's psychic. Now, he's either going to clean up- or be found out. Murder and Magic are all in the mind... When a case takes Shawn and Gus into an exclusive club for professional magicians, they're treated to a private show by the hottest act on the Vegas Strip, "Martian Magician" P'tol P'kah. But when the wizard seemingly dissolves in a tank of water, he never rematerializes. And in his place there's a corpse in a three piece suit and a bowler hat. Eager to keep his golden boy untarnished, the magician's manager hires Shawn and Gus to uncover the identity of the dead man and find out what happened to P'tol P'kah. But to do so, the pair will have to pose as a new mentalist act, and go undercover in a world populated by magicians, mystics, Martians-and one murderer...

About the Author William Rabkin is a two-time Edgar Award nominee who writes the Psych series of novels and is the author of Writing the Pilot.
