**Dale Sherman : Quentin Tarantino FAQ: Everything Left to Know About the Original Reservoir Dog (FAQ Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Quentin Tarantino FAQ: Everything Left to Know About the Original Reservoir Dog (FAQ Series):

1 of 1 people found the following review helpful. If you love QT then this book is must haveBy FuzzIf you love QT then this book is must have. Even if you think you know it all already, you will learn more here.1 of 1 people found the following review helpful. If you like Tarantino movies or just curious about the ins and ...By Mark R. KondakI'm a

fan of all Dale Sherman books, he is very thorough and leaves you feeling that you have complete knowledge of who he is writing about. If you like Tarantino movies or just curious about the ins and out of the films, read this book...you won't be disappointed. 1 of 1 people found the following review helpful. Educational and fun entertainment knowledgeBy meghan varnerA plethora of facts, tidbits and trivia information for the movie buff, Quentin T fan or just entertainment movie historian. It was amazing the detail and depth of information that this author and book provided. I also enjoyed and appreciated where the author discussed some information that is seen as in conflict depending on the source. It was an eye opening and educational foray into the world of entertainment behind the scenes that I had never thought about or read before. Prior to this book I had only watched a few Quentin Tarantino movies (Kill Bill Vol. 1 2, Reservoir Dogs, From Dusk till Dawn and Natural Born Killers) and in full honesty never gave a whit of a thought to how it was produced, paid for, etc. I had wondered how sometimes it was supported when the movie was very graphic or violent, but there are movies for every entertainment sector (hello 50 shades) so why not? Ironically the one's I had watched are violent ones and in my household met with mixed reviews..to yes that is amazing to why are we watching it I don't get it. After reading the information, who played and was potentially going to play roles in the movies, how they stayed true or deviated from the script, etc. I am more interested in watching some more of the Quentin Tarantino movies. I feel I will definitely have more set opinions on the endings after reading how some directors/producers changed the endings or scenes in the script. Now, this is not a quick read or an easy read. This is an educational read with a fun flare in my opinion. I could not read it straight through, nor should one try because I feel I would have lost some of the history or true fun trivia with each movie if I had tried. If you enjoy movie trivia, knowing how something was created, the behind the scenes moments and other entertainment knowledge or are just an ardent QT fan I would recommend this book to have and to also pull out when watching a QT movie! It has been great throwing out some FAQ about movies as I have watched them with friends recently...everyone was like what,...how did you know that! What do you think of books like this? What books have you found that really help you enjoy a movie or actor/producer/director/writer more? full review at [www.meghanvarner.blogspot.com](http://www.meghanvarner.blogspot.com)

Quentin Tarantino is a man who came to Hollywood and didn't break the rules so much as make plain that he didn't even notice them. Making the films he wanted to see, Tarantino broke through with Reservoir Dogs in 1992 and then cemented his reputation in 1994 with the release of Pulp Fiction. As his fame grew, he spread his love for movies that are far from commonplace through his promotion of older films and theaters and by reviving the stalled careers of actors such as John Travolta, Pam Grier, and David Carradine. Quentin Tarantino FAQ examines the movies directed by Tarantino, the influences on his work, and the inspiration he gave to others. There are also chapters on certain recurring elements in his films, from fake product placement to the music, actors, and even cinematic moments used. The book also reviews his work in television, the articles written about him or by him over the years, his acting career, his public battles, and some of the projects he abandoned along the way. It all comes together to tell the story of a man who forged his own unique path and helped shape the way movies are made today

"There's a lot I didn't know about one of my favorite directors, and Dale Sherman has compiled an infinitely readable history of the man and his movies in a paperback package just shy of 400 pages. Last seen authoring another book in Applause's FAQ series (2013's Armageddon Films FAQ), Sherman fashions an honest-to-goodness narrative in Tarantino's rise from high school dropout and video store clerk to multiple Academy Award winner and indie-film revolutionist." --Bookgasm, March 1st "If you enjoy movie trivia, knowing how something was created, the behind the scenes moments and other entertainment knowledge or are just an ardent QT fan I would recommend this book to have and to also pull out when watching a QT movie!" --Simply Me Blog, March 1st "Dale Sherman's 'Quentin Tarantino FAQ' is a comprehensive trawl through the major events and the minutiae of the director's career... Sherman is informative and comprehensive with an easy-going writing style that is enthusiastic but just avoids descending into the realms of unquestioning fanboy... [T]here's plenty of interest to whet the appetite for mammoth Tarantino viewing session." --SFCrowsnest "The Quentin Tarantino FAQ is an exhaustive love letter by a fan, for one of cinema's greatest fans. Dale Sherman delivers a book I am proud to not only have on my shelf, but one I will recommend other fans check out as well." --Geekadelphia About the Author Dale Sherman, like Quentin Tarantino, is a child of the 1970s who grew up fascinated by the films of the drive-in theaters and the grindhouses. A collector of such films, as well as a fan of Tarantino's film work, Sherman has also written eight books about music and movies over the years, including KISS FAQ and Armageddon Films FAQ. He lives in Louisville, KY.
