Roy Adams : RADIANT (energy) before purchasing it in order to gage whether or not it would be worth my time, and all praised RADIANT (energy):

Dr. Glen Casey has dedicated his life to finding a cure for epilepsy. He discovers that he has a strange ability to cure the disease using atmospheric energy. His partner and colleague, Dr. Trey Wilson, weaponizes this concept in order to

get revenge on those he blames for his fathers death. When it becomes apparent that Glen is the only one equipped to stop Trey, he becomes a reluctant hero.
