From Intellect Ltd : (Re)viewing Creative, Critical and Commercial Practices in Contemporary Spanish Cinema before purchasing it in order to gage whether or not it would be worth my time, and all praised (Re)viewing Creative, Critical and Commercial Practices in Contemporary Spanish Cinema:

Formulated around a number of key thematic concernsnew creative trends; the politics and practices of memory; auteurship, genre, and stardom in a transnational agethis reassessment of contemporary Spanish cinema from 1992 to 2012 brings leading academics from a broad range of disciplinary and geographical backgrounds into dialogue with

critically and commercially successful practitioners to suggest the need to redefine the parameters of one of the worlds most creative national cinemas. This volume will appeal not only to students and scholars of Spanish film, but also to anyone with an interest in contemporary world cinema.
