Remember Grace! By R. Kevin Gose Synopsis: Chloe has been in a fatal car wreck while texting and driving. The courts under duress from the media and safety groups charge Chloe as an adult for the car accident and death. Her

parents following their lawyers suggestion, place her in an institutional setting specifically for teens hoping to change the perception of the wreck and help Chloe with grief and depression. There Chloe meets several teens who have are dealing with similar feelings even though they are from different backgrounds. The teens try to figure out why Chloe has been admitted to their ward. As tensions rise in the hospital and the court case, Chloes grief peaks in an outburst that affects the entire ward. Chloe slowly creates new relationships as the teens reveal their personal stories starting her road to understanding and recovery.
