**Quentin Tarantino : Reservoir Dogs and True Romance: Screenplays** before purchasing it in order to gage whether or not it would be worth my time, and all praised Reservoir Dogs and True Romance: Screenplays:

0 of 0 people found the following review helpful. Five StarsBy Wellington Tremayneway better quality than i expected!2 of 2 people found the following review helpful. Clever. Very CleverBy A CustomerTarantino has picked up a metaphorical baton where Scorsese left, and used stimulating dialogue and complex storyline, with a feel good vibe at the end with a post sex 'Wow! That was great'. Tarantino's obsession with making crime more stimulating through black culture and drugs helped move this movie along. Keitel was great, Roth was good. Not as great as Pulp Fiction, but you can see the stems of his talent in this movie, better than in True Romance.3 of 4 people found the following review helpful. QUENTIN-SENTIAL SCREENPLAYSBy A CustomerAh yes...Tarantino's first script entitled True Romance which he sold for 30,000 dollars is a genius effort of great proportion and the writing, you will notice in subsequent films and scripts,is common for him. Certain terms will show up later on in other movies. And as for Reservoir Dogs,his second greatest film ever,he used the money from True Romance's script to make this ingenious mob classic complete with terms used in his other films including one or two from True Romance.

Quentin Tarantino's films have single-handedly revived and redefined American noir, bringing to Hollywood a new energy, irony, and cool. Tarantino has won awards and accolades around the world, earned a devoted following among critics, actors, and audiences, and paved the way for a new generation of young filmmakers.Tarantino's directorial

debut, *Reservoir Dogs*, hit the screen with a freshness and brutal edge that left critics and audiences stunned. The story of a heist gone wrong, the film weaves a taut and menacing path, laced with bursts of absurd and unexpected humor, as an eccentric cast of urban outlaws attempts to identify the rat in their midst. The film established the groundbreaking aesthetic-smart-ass, hard-edged, and ultraviolent -- that made Tarantino one of the most sought-after directors in the nation. As *Newsweek* wrote, "*Reservoir Dogs* leaves little doubt that you are in the presence of major league talent".
