sure what to expect from this book. It is actually a book explaining the filming of the Video about the raid and not a true historical account of Averills Raid. I still enjoyed the book.

Union cavalry General William W. Averell exiled to command in West Virginia leads the most daring and grueling cavalry raid on either side of the Civil War in an epic drama that is a study in the triumph of spirit in a survival against all odds story where winter weather and mountain terrain become as dangerous a foe as the enemy. Based on the historic Salem Raid. Winner of the 2005 Appalachian Film Festival Best Screenplay. An edge-of-your-seat historical drama that makes HORSE SOLDIERS look like a ride in the park.
