**Anthony Lane, Andrea Phillips, Colin Chinnery : Sarah Morris: Beijing** before purchasing it in order to gage whether or not it would be worth my time, and all praised Sarah Morris: Beijing:

Sarah Morris' Beijing continues her series of films and paintings dealing with cities as sites of spectacle, bureaucracy and conspiracy. Morris spent several years visiting and observing Beijing in the lead up to the 2008 Olympic Games exploring the authoritarian turbo-capitalist state. This book provides an array of images captured from her film as well as her investigation of the city that inspired her paintings.
